Orchids of Merit

150 Broadmoor,

San Anselmo, California

The following list of Cattleya type seedlings are generally large for rated pot size, are clean, healthy, and priced very reasonable. All parents used are outstanding in color, form, and productivity, covering all seasons of bloom.

In attempting to standardize, and allowing for variation in different crosses, plants in $1\frac{1}{2}$ " pots have growths 2 to 4 inches, 2" pots up to six inches, and in most $2\frac{1}{2}$ " pots the last growth is from 6 to 8 inches long.

Price, $1\frac{1}{2}$ " pots .50 each, 2" pots \$1.00 each, $2\frac{1}{2}$ " pots \$2.00 each.

Community pots, 10 plants per pot of most crosses listed, \$4.00.

Seed packages, around 2000 good seeds \$2.00 per packet.

We have some Cymbidiums, those interested please write.

SECRET

from the above

San Antonio, California

150 Broadway

The following list of Cattleys is a selection of the best, and is intended to be a guide to the collector. All are of the best size, and of the best quality, and are of the best color, form, and fragrance. The list is intended to be a guide to the collector, and is not intended to be a list of the best of the best.

In attempting to determine, and allowing for variation in growth rates, plants in 1st row have reached 2 to 4 inches; "2^d" row up to six inches, and in west 3^d row the last month it is about four.

Price, 1½" pots, 50 each, 3" pots 10.00 each, 5½" pots 25.00 each.

Community notes, 10 minutes and 10 minutes for a total of 20 minutes. 00.00

Good packaging, arrived 2009 and worth \$7.00 for pack.

We have some Ovidians, too, but not as many as you write.

Very truly,
Wm. C. Puritan (C. Puritan & Co., Boston)

Good Business
Bill C. Anderson & B.O. Wirtz
